

GREENBURGH ACADEMY

MISSION STATEMENT

“THE GREENBURGH ACADEMY STRIVES TO SUPPORT OUR FAMILIES AND STUDENTS WITH A DYNAMIC COMMUNITY OF LEARNERS; A COMMUNITY THAT LOOKS TO ADDRESS THE BASIC HEALTH AND SAFETY NEEDS OF EACH CHILD, WHILE STILL CREATING AN ENGAGING, SUPPORTIVE, AND CHALLENGING INSTRUCTIONAL ENVIRONMENT – ONE THAT WILL ALLOW A STUDENT TO SUCCESSFULLY TRANSITION TO COLLEGE AND/OR CAREER.”

GREENBURGH-NORTH CASTLE UFSD

"Your Future Starts Here"

GREENBURGH ACADEMY

"High school was great. I look back on Greenburgh feeling incredibly relieved at being taught the material enough to get really good grades on the Regents tests, as well as take two college classes, in entrepreneurship and English." - Alumnus

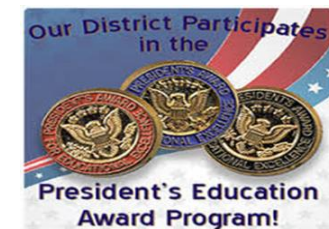

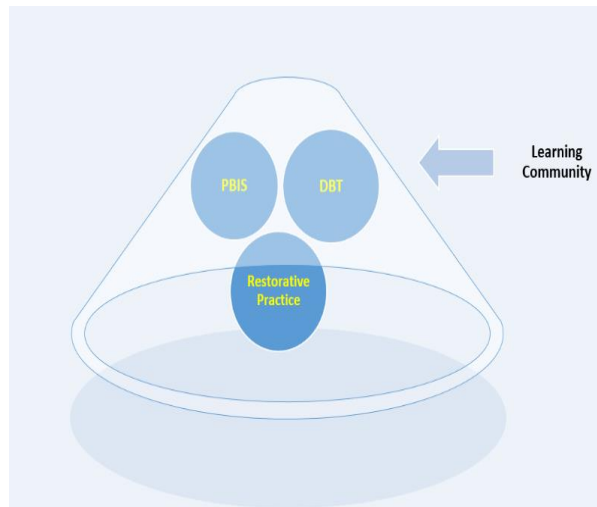

Staff and students are attached to "Learning Communities". These student-centered communities meet regularly to support overall student achievement; they are the cultural centers of our school. Each community is responsible for providing their students with an environment that supports and promotes the Health and Safety of each individual student, and also makes sure that each and every student is Supported, Engaged and Challenged in their Instructional Environments.

Students will be brought to these understandings by a staff that will support and maintain their growth and development through the utilization of *PBIS*, *DBT*, and *Restorative Practices*, along with the additional supports that a Learning Community brings to the conversation – those being:

- Lessons centered on EDI.
- A Multi-step Behavioral Management Plan.
- Case Studies and SDI Reports.
- Instructional Improvement Plans.
- Child Study Team Meetings.
- IEP Quarterly Progress Report Monitoring.

Under the supportive umbrella of a Learning Community (Teachers/Classroom Aides/1:1s/Transition Specialists/Clinicians/School Counselor/Administrators/Parents/Guardians) our students' Social/Emotional and Intellectual well-being will be developed and supported through the deployment of the following understandings:

- PBIS (Positive Behavioral Invention and Supports)
- DBT(Dialectical Behavioral Therapy)
- Restorative Practice
